

“Responsible Vulnerability Disclosure Policy – DAS TECHNOLOGY SERVICES LLC”

Company: DAS TECHNOLOGY SERVICES LLC

Author: Shaheer Nawaz, IT Support Specialist

Review Cycle: Annual

Version: V1.1

Approved By: IT Security Department

1. Introduction

At DAS TECHNOLOGY SERVICES LLC, we take security seriously and we appreciate the efforts of security researchers and others who report vulnerabilities responsibly. We are committed to investigating and addressing potential security issues.

2. Reporting a Vulnerability

If you discover a vulnerability, we encourage you to report it by emailing [\[shaheer.nawaz@dts-wireless.com\]](mailto:shaheer.nawaz@dts-wireless.com) (or IT Support email). Please include as much information as possible to help us understand the issue.

Guidelines for Reporting

- Do not exploit vulnerability.
- Do not access or modify data that does not belong to you.
- Provide enough detail so we can reproduce the issue.
- Give us a reasonable time to investigate and fix the issue before disclosing it publicly.

Our Commitment

- We will acknowledge receipt of your report promptly.
- We will investigate the report and work to resolve any vulnerabilities quickly.

- We may publicly recognize your responsible disclosure (with your consent).
-

Legal Safe Harbor

We will not take legal action against individuals who report vulnerabilities responsibly and in good faith under this policy.

Contact

Please report vulnerabilities to [shaheer.nawaz@dts-wireless.com].
